Invite your friend on a vacation through email using the information from the video and the vocabulary words in this book. Write 80-120 words. Read the example, but do not copy it. The example is about organizing a birthday party. The email you write will be about going on vacation.

Dear Jolin,

Mary's birthday is coming up! Let's plan a birthday party for her on Friday, November 4.

I can buy the cake and other snacks, but I need you to bring music and games to play. We can meet tomorrow after school to decorate the house and make the invitations.

My mom said we can start the party at six in the evening, and we have to send everyone home by ten at night.

I can't wait to celebrate our friend Mary! See you tomorrow.

*Regards,
Sandra McGee*
